All reimbursements are evaluated in case of the products purchased directly in UWORLD. One case has no relationship with another. The reimbursement amounts determined by UWORLD are final. Purchases in the application: We cannot process any reimbursements for purchases made through the medical application (in the application). Get in contact with Apple for all reimbursement/chilling requests for Apple's purchases in the application. Subscription.CPA Review: Students can request to cancel their CPA review product only within 10 days after the activation of any of the materials. To qualify for a refund, you cannot have used more than 10% of the course (conferences, qbank or a combination of) by exam section. All CPA review refunds are subject to an cancellation rate of $ 75 (for purchases of a single section) or $ 250 (for package purchases), in addition to applicable shipping charges. The return of the merchandise is not necessary. All other Qbanks: Refunds are considered for more than 30 days subscriptions. The reimbursement amounts are based on the number of days elapsed from the date of the subscription or the number of questions used, anyone equivalent to a deductible higher. Scenario: An individual buys a 180 -day QBANK subscription and generates some test blocks equivalent to 20 % of the questions in the QBANK. After 45 days, ã © l/she requests a reimbursement. Because the duration that has elapsed is greater than the percentage of questions used, the amount of the reimbursement will be based on a subscription converted to the most close duration (60 days) by deducting the subscription rate of 60 days applicable of the reimbursement. In the same scenario, if the individual had used 85% of the questions, the reimbursement would be 15% of the subscription rate paid. Note 1: It will apply a 10% processing rate (minimum $ and up to $25) to all purchase. Refunds for purchases made more than 360 days ago will be issued as a non-refundable and non-transferable store credit card.Note 3: Subscribers must notify UWorld of their intention ³ obtain a refund before activating their subscription³ (or) during the active ³. If you use the reset option ³ all questions are used, no refund will be allowed (see Â"I want to reset/delete my Qbank test history (or) start over, Â is this possible?Â" below for more details). No refunds will be offered for expired subscriptions.Note 4: For combined package purchases, individual subscription fees will be applied ³ calculating reimbursement. If a self-assessment exam or ex³mmens of a package are used, the entire purchase becomes non-refundable.Note 5: Although access to Qbanks through certain mobile devices is provided as an additional feature, it is not intended to replace ³ access, and no refunds or cancelations will be made due to the user's inability to install or use the software provided on any mobile device (regardless of whether the device meets the minimum system requirements). ³ Qbanks will not be able to access Qbanks via certain mobile devices. Editor'³ Choice Pros SIMCLEX (your adaptive simulator NCLEX) is as realistic as it gets Question Bank of more than 6,000 issues with really useful visual explanations 300+ short and engaging video lessons a la carte (³ 10 minutes each) Contras No live lessons if that's what you need DEAL Editor's Choice³ n: 36% OFF Code: INSIGHT36 To provide you with the most ³ comparison of these two NCLEX ³, it is best to see a side-by-side analysis of the key features of each program. Here's our breakdown of how ³ these courses stack up in each category. Practice the quality of the material More often, the best approach to study for the NCLEX is to practice, practice, The NCLEX is just one of those tests that lends itself to tons of realistic practical work. And after having had the opportunity to thoroughly use and test each program, our team feels It offers the best quality practice material. NCLEX SIMULATOR (SIMCLEX) of Nursing.com is the best that we have reviewed that both compava Better coincidence for the content, difficulty and delivery of real questions of NClex. In addition, when considering the simulated exam programs of each company, there is no doubt that Simclex de Nursing.com wins the day. It is the best NClex simulator we have seen. Advantage: nursing.com. The fundamentals of problems even though we believe that Nursing.com provides the most realistic practical problems, we find that UWORLD's foundations are a bit better. It is not a great disparity here, but Uworld's images win the day. His response explanations are full of graphics, diagrams and tons of visual details. For visual students, this can make a big difference. However, this is the capture: UWORLD's explanations have to be detailed and heavy graphics that Nursing.com, in large part because they do not offer any independent content review. UWORLD has great foundations with images, there are no video lessons, written study notes, classes or anything of that nature. However, with nursing.com, their explanations simply support their content review, so the foundations should not be so detailed. And to be clear, it's not like Nursing.com problems solutions are bad. We really like them a lot. It's just that Uworld has more details and images. ADVANTAGE: UWORLD. Video lessons and content review As mentioned above, UWORLD does not provide any content review. They are really just a question bank with the foundations of the answers. Nursing.com, on the other hand, is a very complete and robust package that offers setnelecxe setnelecxe ed sotelper y sovitcarta repºÃs noS .selbiregid etnematla y satroc oediv ed senoiccel sal etnemlaicepse noratnacne son ,selbÃercni nos moc.gnisruN ed oediv ed senoiccel saL .siÃm y sehsalf satejrat ,n³Âisiver ed ocin³Ârtcele orbil nu ,oediv ed senoiccel 003 eyulcni otsE .odinetnoc ed n³Âisiver ed satneimarreh ed amag In short, if you need to review content, Nursing.com is the way to go. Advantage: Nursing.com. Somehow, despite offering a lot more study material (not only content review, but the amount of practice questions as well), Nursing.com is still cheaper than UWorld. Although they have a bit of a funky front charge payment plan, the standard Nursing.com package comes out at just under $250 all in. On the other hand, the UWorld Qbank carries a price close to 280 dollars. In short, Nursing.com provides a more affordable package and gives you more material, so you earn by a mile. Advantage: Nursing.com. Supplementary Study Materials Again, Nursing.com takes this category. If you are one of those people who plan on getting into all the extras, Nursing.com will be your jam. UWorld doesn't offer many bonus resources beyond your Qbank, while Nursing.com loves it. Extras include suggested study schedules, trap sheets, a blog, nursing vocabulary tools, and more. Advantage: Nursing.com. User experience and interface Basically we have this category as a tie. Both companies offer really crisp and clean user experiences. Their platforms feel modern and are easy to navigate. UWorld has a nice user interface If the user interface is important to you, I can really influence it in any way. I liked both programmes in this respect. Advantage: Tie. Period of access to content This category is difficult to judge. Both UWorld and Nursing.com offer subscription packages with different durations, ranging from one month to another up to 2 years. However, when you consider each company's flagship packages, Nursing.com gives you 1 year of access for its $250 package, while UWorld gives you 180 days (i.e., 6 months) for its $280 package. Advantage: Nursing.com. This category is more than easy to judge. If Â searches guaranteeÃa de devolucIÃ n of money³ Nursing.com le Â one, while UWorld no. In fact, Nursing.com has some 200% pass meaning if you don¢ÃÂÂt pass the NCLEX after having used the program, they¢ÃÂÂll give you 2x your money back. Overall we love Nursing.com for their value That means you¢ÃÂÂd make money by failing. °ÃÂÂ²Â But assuming you just want to get through the exam and get on with your nursing life, Nursing.com has the better protection. Advantage: Nursing.com. Verdict: UWorld vs Nursing.com (NRSNG) NCLEX By this point, you can probably guess the winner between these two NCLEX packages. We have Nursing.com taking this matchup by a country mile. We¢ÃÂÂre high on their NCLEX prep materials and generally think they¢ÃÂÂre the best in the space from top to bottom. UWorld offers a fine Qbank, but it¢ÃÂÂs just that ¢ÃÂÂ a Qbank. You get practice problems and rationales, but nothing really else. By contrast, Nursing.com provides that same practice material, plus video lessons, cheat sheets, prep books, flashcards, and a bunch more. And it¢ÃÂÂs all high-quality content, delivered at a lower price. This one¢ÃÂÂs a no brainer. Overall Win: Nursing.com. ¢ÃÂ¡Â READ NEXT: Best NCLEX Review Books Books
